# REAL DESIGN AND CONSTRUCTION (REDECO) Ltd

## COMPANY PROFILE

*Building the Future with Quality, Innovation, and Trust*

**REDECO is a professional Rwandan company specializing in architectural design, construction, project management, engineering consultancy, and building solutions transforming ideas into reality through creativity, technical expertise, and professional execution.**

# Who We Are

## Our Foundation

Founded with a vision to deliver modern, durable, and high-quality projects, REDECO provides complete construction solutions tailored to meet the needs of individuals, businesses, and institutions. From concept development and design to permit processing, construction, supervision, and project completion, we handle every stage of the process.

At **REDECO**, we believe every project is more than just a structure — it is an investment, a vision, and a legacy.

## Our Mission

To provide innovative, reliable, and high-quality design and construction services that create lasting value for our clients and communities.

## Our Vision

To become one of the leading and most trusted construction companies in Rwanda and beyond through excellence, integrity, professionalism, and customer satisfaction.

# Our Core Values

REDECO's operations are guided by a strongset of core values that define how we approach every project and every client relationship. These principles shape our commitment to excellence and drive our reputation as a trusted construction partner in Rwanda.

## Quality & Excellence

Delivering high-quality workmanship and maintaining professional standards in every project we undertake.

## Integrity & Transparency

Operating with honesty, openness, and accountability in all client relationships and project dealings.

## Innovation & Creativity

Providing innovative construction solutions and creative design approaches that meet modern standards.

## Safety & Sustainability

Prioritizing safety standards and sustainable practices throughout every stage of project execution.

## Reliability & Accountability

Completing projects on time with professional reliability and full accountability to our clients.

## Customer Satisfaction

Building strong client relationships and ensuring satisfaction through trust and excellence in service delivery.

# Architectural Design & Planning

At **REDECO**, every successful project begins with a strong and creative design. Our design team works closely with clients to understand their vision and transform ideas into practical and attractive building concepts. We provide modern architectural solutions that combine functionality, aesthetics, comfort, and cost-efficiency.

We design spaces that are modern, sustainable, functional, and aligned with our clients' goals and budgets.

## Our Design Services Include:

- Residential house designs
- Apartment and rental property designs
- Commercial building designs
- Interior space planning
- Site layout planning
- 3D visualization and presentation
- Renovation and remodeling designs

# Construction Permit Assistance

Starting a construction project requires proper approvals and documentation. REDECO assists clients throughout the permit application process to ensure projects comply with construction regulations and standards. Our goal is to make the process simple, smooth, and stress-free for our clients.

## Document Preparation

Preparation of construction documents and architectural and technical drawing submission to relevant authorities.

## Permit Application

Handling permit application procedures and ensuring full compliance with local building regulations throughout the process.

## Authority Coordination

Coordinating with relevant authorities and providing technical support during all approval processes.

# Building Construction

Construction is the foundation of our business. **REDECO** delivers quality construction services with strong attention to durability, safety, timelines, and professional workmanship. We handle different categories of projects, and at every stage we prioritize quality materials, skilled labor, and proper project management.

## Residential

We build modern homes, villas, apartments, and residential complexes designed for comfort, safety, and long-term value.

## Commercial

We construct office buildings, shopping centers, business premises, warehouses, hotels, and commercial facilities that meet modern business standards.

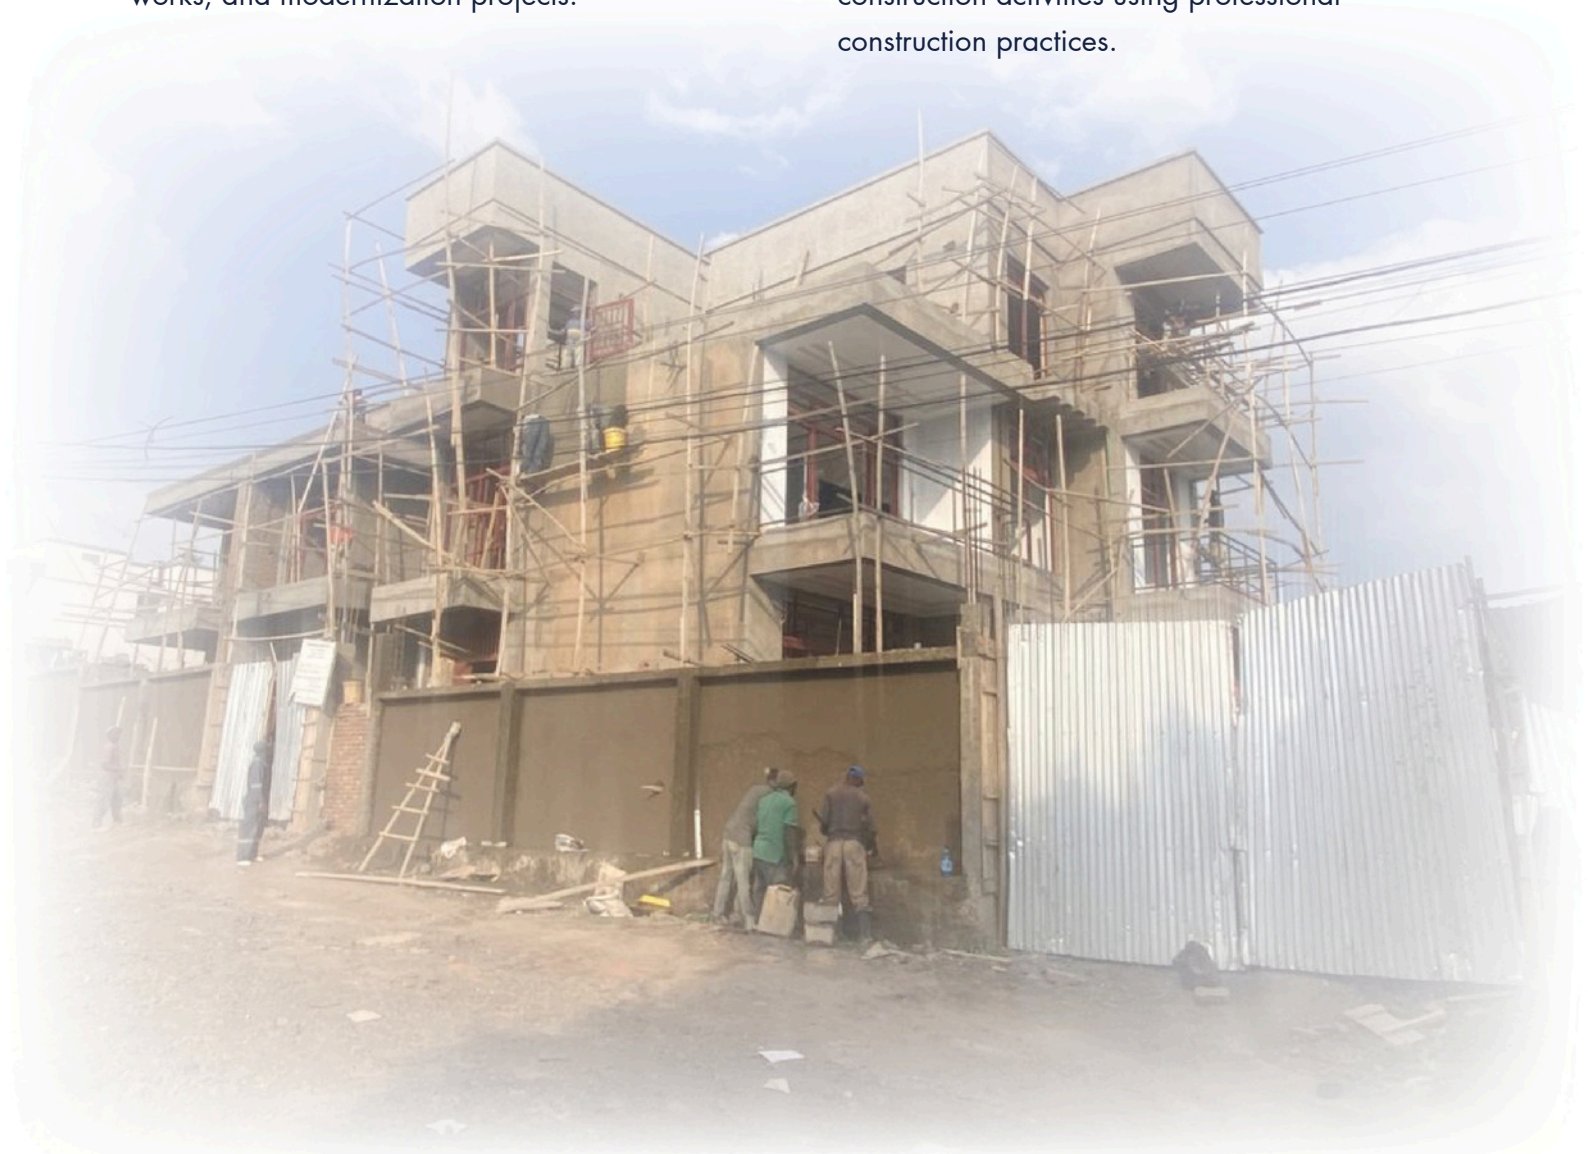

## Renovation

We improve and transform existing structures through renovations, extensions, finishing works, and modernization projects.

## Structural Works

We execute foundations, concrete structures, roofing works, finishing, and other specialized construction activities using professional construction practices.

# Supervision, Engineering & Electrical Services

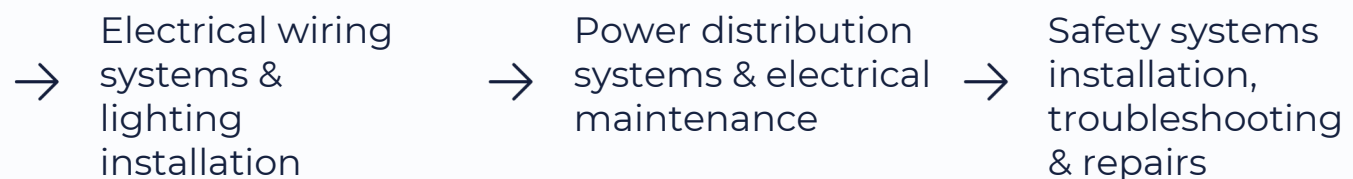

## *Construction Supervision & Project Management*

Proper supervision is essential for successful project delivery. REDECO provides professional project management and supervision services to ensure construction activities are completed according to approved standards, budgets, and schedules. We ensure that projects are executed efficiently while maintaining the highest standards of quality and professionalism.

- Site inspection and monitoring
- Construction quality control
- Project scheduling and coordination
- Workforce management
- Material verification and progress evaluation
- Safety and compliance monitoring

## *Electrical Installation Services*

We provide professional electrical installation services for residential, commercial, and industrial projects. Safety, efficiency, and compliance with technical standards remain our priority in every electrical project we handle.

## *Engineering Consultancy*

**REDECO** provides technical consultancy services to clients seeking professional guidance in construction and development projects. We help clients make informed decisions that improve project success and investment value.

- Construction budgeting and estimation
- Project feasibility studies
- Technical planning and advice
- Construction solutions and recommendations
- Structural guidance and real estate project consultation
- Cost management support

# Materials Supply & Our Working Process

## Supply of Construction Materials

To support smooth project execution, REDECO also supplies quality construction materials and equipment. We ensure our clients receive reliable materials that meet required quality standards.

- Building materials
- Hardware products
- Plumbing materials
- Electrical materials
- Construction accessories and supplies

## Our Working Process

At REDECO, we follow a professional and transparent process that ensures every project is successfully delivered.
